- Ebtikarat Development is a leading software house for developing desktop, websites and mobile applications, based in Egypt and Dubai. With the use of the latest information technology and telecommunication tools we achieve targets depending on a strong technical base and carefully selected expert resources.

BIG PROJECTS FOR MIM

MIM International Consultancies Succeeds in Undertaking Big Projects for the First Quarter of 2016

As the reputable business consulting firm approaches its 36 years in business, the demand for its services escalated, giving a positive outlook and projection in the months to follow.

MIM International Consultancies has been highly regarded as the leading business consulting firm in the Gulf, serving the region's top corporations and government organizations. The firm has proudly conducted feasibility studies, corporate governance and business development services to a number of government organizations, including Ministry of Labor, Ministry of Environment and Ministry of Education, among others.

For the first quarter of 2016, MIM has engaged itself in big projects with its new clients – including Emirates College of Advanced Education, Toscana Landscaping & Pools LLC, Mawared Energy, Gateway General Land Trans LLC, Al Badayer Trading, AMB Building Contracting LLC, Advanced Maintenance Tech Consultants, and Al Khaleej Investment.

MIM Takes On Various Industry Sectors

MIM leverages a distinctive combination of industry expertise, technical depth and differentiated services to deliver the benefits of world-class management consultation to its clients in the region. The consulting firm caters to clients of diverse industries – Government and Ministry, Hospitality, Poultry, Real Estate, Manufacturing, Retail, Architecture, Education, Construction, Restaurants, Energy and Fuel, Freight Services, Logistics, Publishing, Electromechanical, Beauty Center, IT Solutions, and many more...

Business Development Services for Emirates College of Advanced Education

Emirates College for Advanced Education (ECAE) is home to a dedicated teacher preparation program, and school development center. ECAE - an Abu Dhabi Government higher education institute affiliated with Abu Dhabi Education Council (ADEC) has engaged MIM International Consultancies as its partner for the Business Development Service in their school.

The consulting firm conducted and facilitates for the Online Administration of the educational institution. The firm in partnership with its subsidiary, Ebtikarat Development, also offered to develop a Masary System for the school which would help facilitate a smart payment service for the institution and electronic payment gateway to enrich the students and the parents with the best payment service experience.

“The Block Factory Feasibility Study did not only highlight financial projections and analysis but also provided a step-by-step guide to the investors on how to start the business, including licensing and all other legalities required. MIM also helped identify the strategic location to put up the business for the convenience of the client.”

MIM’s Block Factory Feasibility Study

MIM is providing full integrated study to be used in the decision making, tools implementation, and financial structure. Based on the client’s requirements, the scope of the feasibility studies may include Market Research, Market Analysis, Technical Study, Capital Investment Requirements, Financial Projections, Financial Ratios and Analysis, Sensitivity Analysis, and SWOT Analysis.

The consulting firm prides itself as the top choice to conduct feasibility studies. Some of its renowned clients in this service line are: The Ministry of Labor, Limouge Tourism, Khoory Hill LLC, HAL Chemicals FZE, Canadian University in Dubai, Long Coast Real Estate Development Co., Royal Trading JLT, JT Architects, Sky Dive, Al Khaleej Sugar, Petro Energy, Faisal Holding, Advanced Biotechnology Center, Mariam School, World White Stone UAE, and many more.

One of the current projects of MIM is the Feasibility Study for a Block Factory to be put up in UAE. MIM was engaged by Gateway General Land Transport LLC – a company working in Handling, Loading and Lifting, and Logistics Business activities.

The study aimed to provide the company, who wishes to venture in the concrete blocks business, the market analysis of the factors that may affect the business, such as the Construction Industry in UAE, and the effect of Oil Industry in the business. The study helped to evaluate the cost of capital, financial projections and financial analysis for this start-up business.

The Block Factory Feasibility Study did not only highlight projections and analysis but also provided a step-by-step guide to the investors on how to start the business, including licensing and all other legalities required. MIM also helped identify the strategic location to put up the business for the convenience of the client.

MIM on Legal Disputes and Arbitration

MIM is highly regarded in the field of Arbitration. Business complexities and current state of the market lead to a number of legal disputes recently. Arbitration is the simplest, cost effective and less time consuming method to resolve disputes amicably

Mr. Mahmoud Ibrahim, the Managing Director of MIM, is an expert in Dubai International Arbitration Center (DIAC); managing a large number of cases from Dubai Land Department. In addition to that, Mr. Mahmoud has been certified as an international arbitrator from the Egyptian Chamber for International Commercial Arbitration (ECICA) for arbitration in banking & finance disputes. His experience in this field makes him aware of all laws, executive regulations, and decrees related to the banking & finance, real estate and properties transactions.

Along with his team, Mr. Mahmoud studies each case thoroughly and issues independent reports which are well recognized and credible in DIAC. MIM have successfully handled many arbitration cases at the DIAC arising from disputes in real estate and construction.

For the 1st quarter of the year, MIM has already handled a number of highly confidential legal disputes between and among companies and / or its stakeholders. The expertise and track record of MIM in the Arbitration field assures the clients a very high probability of success in their legal and business disputes.
